Rotary District Governor To Be In Hamlin

DR. HARRIS M. COOK

The Rotary Club of Hamlin will welcome on Wednesday, January 17, Dr. Harris M. Cook, Governor of the 127th District of Rotary International which includes 59 Rotary Clubs in Northwest Texas. Dr. Cook is professor of education and Dean of Men, West Texas State College. He is a member of the Rotary Club of Canyon and served as president in 1938-39. He was nominated as Governor at the Conference of the 127th District held at Lubbock and was formally elected at the 1944 Convention of Rotary International in Chicago, Ill., in May.

Dr. Cook is active in civic, school and church affairs of Canyon. In addition to his duties at West Texas State College, he is president of the Canyon Independent School Board, member of the Canyon Chamber of Commerce, and active official in the Baptist Church. His wife, Ruby, is an active Rotary Ann. They have one son, Joe.

Dr. Cook will visit the Rotary Club to advise and assist President Tom Vaughan, and Secretary C. G. Green and other officers of the Club on matters pertaining to Club administration and Rotary service activities. He is one of the 140 Governors of Rotary International who are supervising the activities of 5,200 Rotary Clubs with a quarter of a million members in more than 50 countries throughout the world.

Despite the war, this world-wide service organization continues to grow in numbers and in strength. Since July 1, 1943, 150 new Rotary Clubs have been organized in 13 countries of the Americas, and in Australia, Ceylon, China, England, Finland, India, Kenya, New Zealand, Northern Ireland, Sweden, Switzerland, and Union of South Africa.

Mrs. J. L. Wright, of San Angelo, spent Monday and Tuesday here visiting Mrs. C. C. Prater and other friends.

New Jones County Officials Sworn In

G. R. (Ralph) Riddle, of Hamlin, Commissioner of Precinct No. 1, has been selected by the County Commissioner's Court, as Judge Pro-Tem of Jones County.

This action was taken Monday, January first, when the Court met in special session for the purpose of Reorganizing the Court, to swear in the new officials, approve officials' bonds and set the salaries of the county employees for 1945 and 1946.

Commissioner Riddle is serving his second term, having been nominated last July without opposition.

The first new county official sworn into office January first, was William District Clerk. His oath was administered by County Judge Gilbert Smith.

Two new Commissioners were installed in office, J. E. Massey of Stamford who succeeded Rev. Joel V. Grimes of Avoca and Arden Beasley of Anson, who replaces Charley Hollis of Hawley.

Dr. E. M. Wood of Anson was employed as County Health Officer to replace Dr. W. J. McCreight of Anson.

AMERICAN LEGION MEETS

The American Legion and Auxiliary met on Monday night, January 1. Several members reported having received letters of thanks from the wounded soldiers at Camp Berkeley, for the Christmas gifts.

Members are urged to be present at the next meeting date, which will be on January 15, at 7:30. Matters of importance will be discussed.

Seriously Wounded

Mr. and Mrs. J. A. Rose received a telegram from the War Department Wednesday that their son, Pfc. James C. Rose, had been seriously wounded December 24, 1944, in Luxembourg.

Mrs. Roy Gilbreath, of Corpus Christi, and Lawrence Holley, of Fort Worth, who came to attend the funeral of their brother, W. T. Holley in Jayton, visited in the homes of their sisters, Mrs. H. A. McWright and Mrs. W. B. Boyd during the week.

Concerted Efforts To Get And Hold War Workers

The chief cry of this New Year in America is to get more and more men and women to go into War Work and "stick" till the work is completely finished.

War Manpower Commission Busy

Monday afternoon, O. R. Rodden, Manager of the United States Employment Service, Abilene District, was in Hamlin forming a Mobilization Committee to help co-ordinate this part of Jones County to find every available man or woman who can go to some war plant and work. Mr. Rodden called for the Mayor, the Secretary of the Chamber of Commerce, the Herald Editor, and A. Spencer to meet him at the City Hall to lay the matter before them, for concerted action in Hamlin.

The War Manpower Director in Abilene is E. J. Berry, who realizing the urgency of more workers in plants in West Texas, called a meeting to get united action in this District. Below are some of the points stressed by Mr. Berry:

"Forty percent of our individual war production schedules are behind schedule and 28 percent of production needs are of a super-critical nature, products without which the war cannot be won. But though all else may be up to schedule, what good is a truck without tires or a gun without ammunition?"

"All war production is on schedule here in the Abilene area. However, none of the super-critical items are manufactured here."

The committee was told that the primary problem in the Abilene area is the problem of transferring surplus labor here (persons unemployed or employed in less-essential or non-essential activity) to war production centers badly in need of manpower.

"The Amarillo area, adjacent to ours, has a quantity of 'must' production which is behind schedule due to a manpower shortage," Berry pointed out.

They decided on organizing community mobilization committees composed of the county judge, the newspaper publisher and a member of the local selective service board in each of the 28 counties in the Abilene area not directly served by a local U.S.E.S. office.

"A pledge of cooperation with this program was prepared by the committee. It is to be distributed to employers throughout the area who will be asked to pledge that they will not hire any workers in violation of established WMC employment stabilization programs. It is to be signed and returned to the Local Chairman,

and we hope to be able to publish it in the form of an honor roll. A similar Honor Roll for workers who accept war production jobs will be prepared also, in the Abilene office. The WMC director also pointed out that 141,000 workers are needed to produce critical items now, and another 159,000 within the next six months.

Members of the committee present were Nib Shaw of Abilene, and J. A. Dean of Brownwood, representing management; Roland C. Suggs of Abilene, Harold Getts and Verne Peterson of Ranger and Roy L. Flannery of San Angelo, representing labor.

The Pledge Below Will Be Distributed In Hamlin Saturday

Chairman, Community Mobilization Committee:

I am aware that 40% of individual war production programs are behind schedule. I have been advised that 28% of our total war production is devoted to super-critical items whose requirements are virtually unlimited and without which strategic military operations would be impossible. Competent authorities have stated that we need 141,000 workers to produce critical items now, and another 159,000 within the next six months, as new facilities become available.

Therefore, I freely pledge that I will not hire any workers in violation of established War Manpower Commission Employment Stabilization Programs, such programs being:

1. In the five counties in the Abilene Area served by local United States Employment Service offices, male workers cannot be hired except upon referral by USES. (Counties served by local offices are: Brown, Howard, Nolan, Taylor, and Tom Green.)
2. In the twenty-eight counties in the Abilene Area not directly served by local USES offices, male workers cannot be hired unless they possess a Statement of Availability. If the worker was last employed in war production, he must not be employed except in other war production of equal or more importance. (Counties not served by local offices are: Borden, Callahan, Coke, Coleman, Comanche, Concho, Crockett, Dawson, Eastland, Fisher, Glascock, Haskell, Irion, Jones, Kent, Kimble, McCulloch, Martin, Menard, Mitchell, Reagan, Runnels, Schleicher, Scurry, Shackelford, Sterling, Stonewall, and Sutton.)

I will personally take advantage of every opportunity to acquaint unemployed and less essential male workers with the urgency of the need for workers in critical war production and prevail upon them to accept critical war jobs.

What This Means

The Boy Scouts will place two of the above letters with a government envelope (prepared in the Abilene office) in the hands of every place of business in the Hamlin community, THIS SATURDAY. If you wish to show how you will cooperate in getting more workers where they will mean the most in winning the war, sign the letters, post one on your door or window, mail the other to Mrs. E. M. Wilson, Hamlin, Texas, who will form the "Honor Roll" for posting or publication.

Remember, too, that all men and women who sign up for war work, or who return for war work, in the Abilene office, 1141 North Second Street, will be listed and the office will furnish each community newspaper the proper list for publication as an honor roll of war service. In other words, all this is to get those who employ to agree to do or not to do certain things that hinder the war effort, and to publicize those who are willing and sign up. Look for the Boy Scouts and those Pledges Saturday.

Red Cross Will Meet In Stamford Jan. 15

The regular meeting of the Red Cross will be held January 15th, at eight o'clock at the regular meeting place in the Library Building in Stamford. At this meeting will be given the report of the nominating committee, and election and installation of officers for the year 1945 will be held. Every regular member of the Red Cross (those paying a dollar or more) is invited to attend and take part in the election of officers.

BROTHER OF HAMLIN PEOPLE DIED IN JAYTON JANUARY 4

W. T. Holley, a brother of Mrs. H. A. McWright, Mrs. W. B. Boyd, and Ernest Holley, of Hamlin, died suddenly at his home in Jayton, on Thursday morning, January 4, following a heart attack. Burial was delayed until Monday, awaiting the arrival of two sons who are in the service. There are also two other sons in the service who are overseas.

Funeral services were held Monday in the Jayton Baptist Church, where Mr. Holley had been a long time member. Burial was in the Jayton Cemetery.

Mrs. Nora Hopper reports a nice time during the Christmas holidays. All of her children were here to see her, except John Hopper and family of Fort Worth. Those who came were Otis Hopper and family of Houston; Mrs. Paul Cain and family of Sweetwater; and granddaughters, Mrs. Rush Rector and family of Fort Worth, and Mrs. Billie Mitchell and husband of Texon. All of these joined the Hamlin group for a good time.

Miss Virginia Cozzens returned to her home in Tulsa Sunday after a visit here with her sister, Mrs. Albert Haight, and family.

"THIS WEEK"

—ELEVEN DAYS of this eventful year of 1945 have passed into history... a history chuck full of importance.

—OUR BOYS in Europe have stopped the Germans, at a great cost to themselves as well as to the enemy. But the Germans still fight on, evidently without hope. OUR BOYS fight on, WITH HOPE of eventual success over freedom's most powerful enemy.

—OUR NAVY has carried our ARMY right into the front yard of the Japs in the Philippines, and we may expect a major land battle. (Here our space runs out.)

Service Stations To Observe Sunday

We, the undersigned Filling Station Operators, pledge ourselves to observe the Sunday Closing Regulation, and will take our turn in keeping one Station open on Sunday to take care of emergency trade.

J. W. Burgess, Jr., Harvey Burk, Dode Sanford, John Scott, Floyd Bevels, L. V. Miller, I. W. Middleton, A. Hudson, A. G. Miller, Martin Westbrook, D. W. Stell, W. R. Wilkerson, J. C. Bessire, Joe A. Simpson, Alton Mayfield.

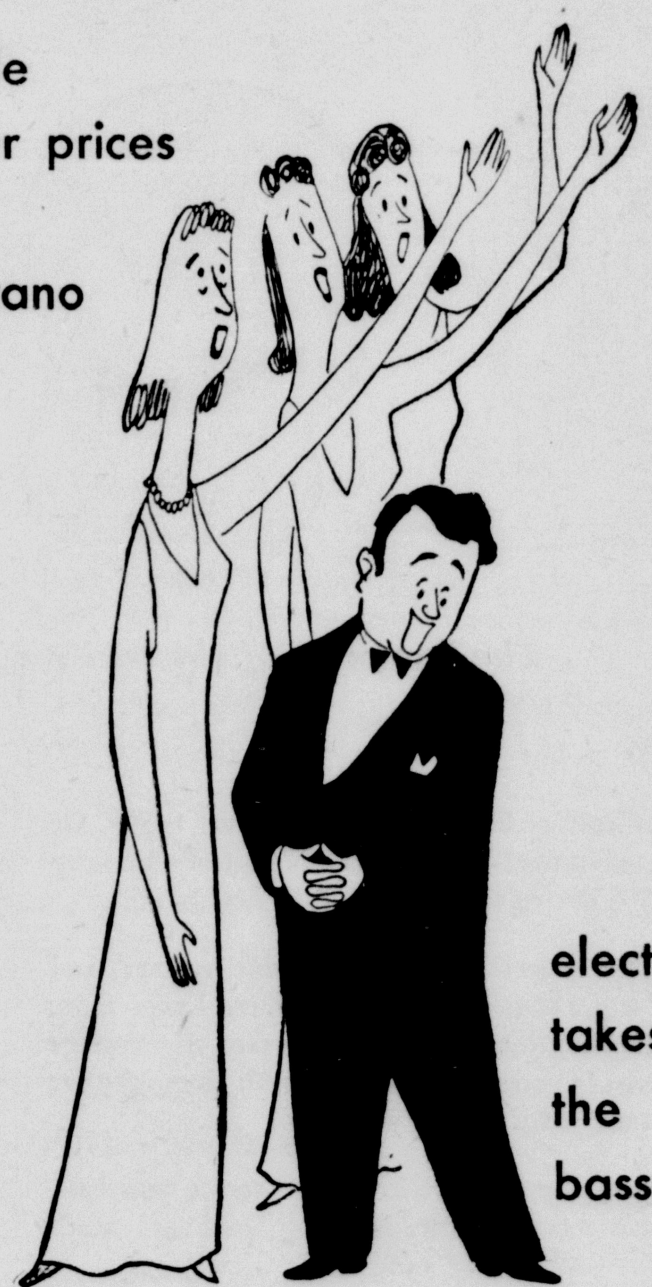

Gulf Service Station, operated by Alton Mayfield, has been requested to remain open Sunday, Jan. 14, to take care of emergency and transient gasoline and service needs.

The public is urged and requested to cooperate with their service dealer by having their cars, trucks and tractors serviced during the week.

The Hamlin Ministerial Alliance requested the help of the Chamber of Commerce in bringing about an agreement between Filling Station Operators, with the results stated.

Any information needed or problems arising in connection with this regulation may be had by phoning 63 or calling at THE CHAMBER OF COMMERCE.

So many members of the cost-of-living chorus are hitting high notes these days that you may easily miss one performer still rumbling along in the lower registers.

The basso is electricity. Its price was low when war began — and has stayed there. In fact, it directly reversed the rising trend of other costs. Government figures show that the average price of electric service has actually declined during the war period!

That's news, these days. It's the product of sound business management, plus the hard work of your friends and neighbors in this self-supporting, tax-paying company. And it's the promise of plentiful, low-priced electricity to run the modern marvels you'll have in your home after the war.

The high cost of living

The low price of electricity

Look at the cost of living—up 25.4% since 1939*. Or would you rather not? Then look at the cost of electricity—down 3.2% during the same period*. Feel better?

Of course, the reduction is a nation-wide average, and partly due to increased usage, which earns lower rates. But it continues a long-time trend. In fact, the average American family gets about twice as much electricity for its money today as it did 15 years ago!

(So why isn't your bill cut in half? Because you have more electric servants now. Kilowatt-hours are much cheaper—but you're using a lot more of 'em!)

Will you pardon us a moment while we point with pride to our wartime record? Production up—price down—no rationing—no shortages.

Thanks to far-sighted business management, every war plant making weapons has had plenty of electric power. And so will every peacetime factory making jobs!

REPORT TO TELEPHONE USERS

Our job in 1944 was twofold: To do everything we could to keep a steady stream of communications equipment flowing to the army and navy—as much as they needed—and, at the same time, to maintain quality of service as high as possible for the folks here at home.

worked almost 100 per cent on war orders. At home there were unavoidable delays on some long distance calls, but local service, on the whole, was good.

Here in the Southwest telephone facilities were stretched to the limit. A total of 260,000 persons asked for service and got it. Some 233,000 of these took the places of customers who ordered their

telephones disconnected. Telephone people squeezed in the additional 27,000 by hard work and ingenuity. Nevertheless, about 185,000 applicants still are on the waiting lists because there just isn't enough equipment to go around.

For the new year, the telephone company's plans hinge upon the demands of war, of course. But certain things will be done, you may be sure.

We shall continue to provide service for those who are waiting just as rapidly as we can. However, in 1945, as in 1944, war demands will be met first and on the average it will be a considerable time before a person may apply for service and get it without delay.

Those employees who are released from the armed services will be welcomed back, and a hearty welcome it will be. There will be a lot of work for them, too.

We'll begin to clear the decks for the big telephone job that will come after the war—to plan how improved devices from Bell Telephone Laboratories, and materials and equipment from Western Electric factories will be put to work for you.

That's the balance sheet of what's done and what's to do. Of course, the volume of our business has been greater than ever before, but so are our operating expenses. In fact, our rate of earnings on the telephone property during these peak war years has been less than during the worst years of the depression. There have been no war profits for the telephone company, which is exactly as it should be.

What's the idea?
3 tickets!

SEEMS hard on the man, yet there he is, with practically 3-cars-in-1... First, that's his pre-war car... Second, it became his wartime car... And third—long may it live postwar! For not even record-smashing new car output in 1945 can keep millions from being forced to wait until 1946 or so—most likely including you.

Then go the limit shielding your priceless motor car by having its engine OIL-PLATED. That's your sure gain in switching to Conoco Nth motor oil. Made of finest paraffin-base stock, refined by latest processes, Conoco Nth oil actually tops all that by OIL-PLATING your engine's insides. This extra inner surfacing checks even cruel acid corrosion.

In fact, no straight liquid oil—always wanting to slide off—can ever fight wear like Conoco Nth oil's high-strength liquid film PLUS unprecedented OIL-PLATING. And the less wear, the less carbon and sludge... the more gasoline mileage and battery life, too. There's your whole fistful of reasons for getting patented Nth oil. It costs a mere trifle extra, but how it

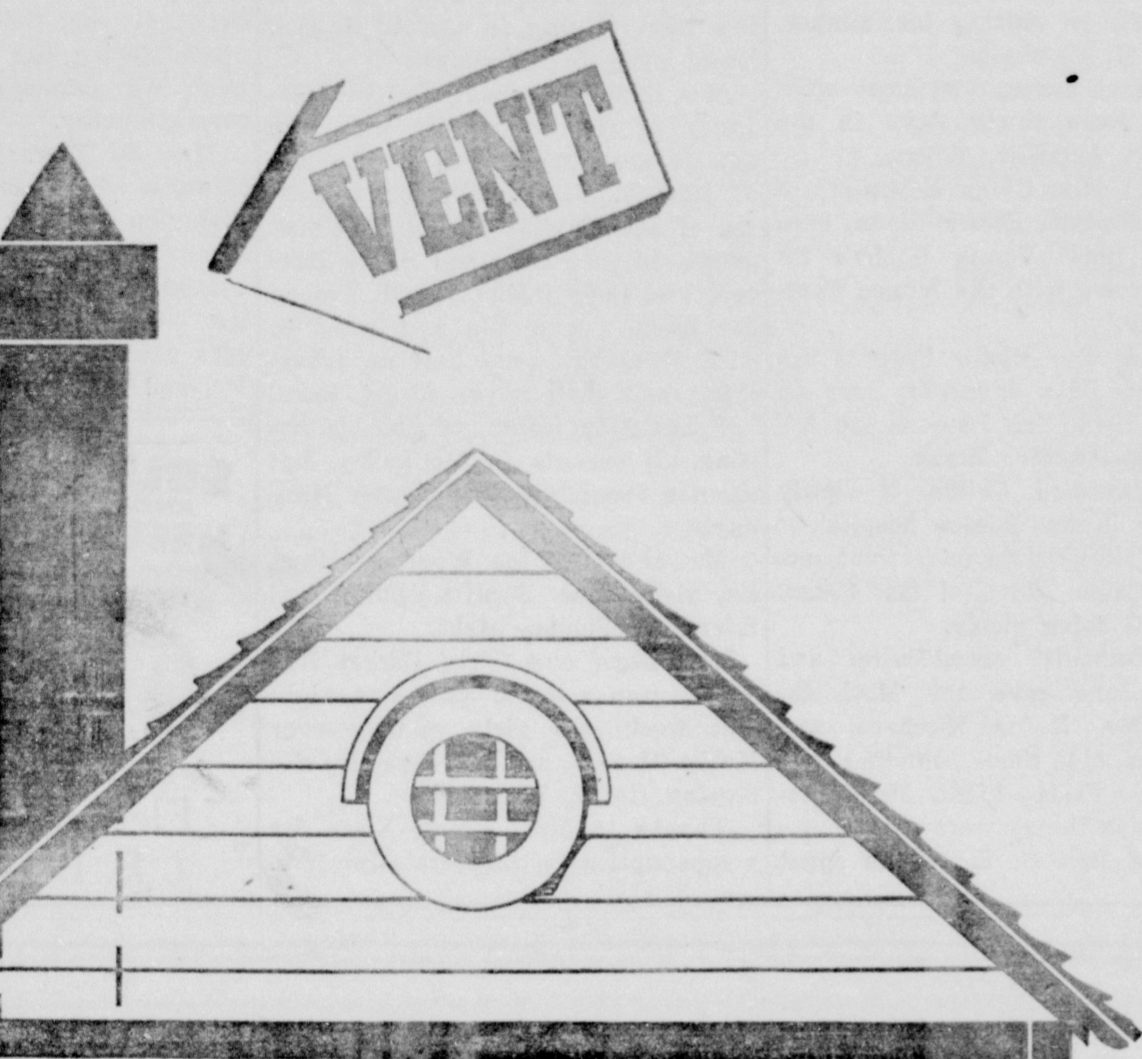

will help to conserve your car! Change to an OIL-PLATED engine today at Your Mileage Merchant's Conoco station. Continental Oil Company

WHAT IS OIL-PLATING?

It's the lubricant that becomes almost an actual part of the cylinder walls, piston rings, bearings and shafts. That's how closely OIL-PLATING is attached by Conoco Nth oil's added ingredient—developed by endless far-sighted, costly research. Even after your car stands cold, the OIL-PLATED parts are still ready-lubricated—before any more liquid oil could circulate. And out goes the worst winter starting wear... another boost for car life!

PROVIDE FLUES
FOR VENTING
MODERN HEATERS

Proper heating requires that appliances be vented to a flue. It is the healthful, modern way. You vent to prevent wall sweating. You vent to prevent stuffy air. In your modernizing or new home building plans, be sure the heating equipment you install can be vented. And make certain it is vented to a flue. Only in this way can you enjoy America's sought-after fuel—natural gas—at its best.

Types of modern gas heating appliances
which are vented to a flue and are
recommended by your gas company.

Not all types of vented gas heating equipment are available because of wartime restrictions. But if you are using the old-fashioned open-flame unvented type heating throughout your home be sure you provide plenty of ventilation. It will help some to reduce wall sweating and eliminate stuffy air.

Mr. and Mrs. Dee Rankin and family have moved back to the McCauley community and will farm the Shields farm southeast of town.

McCauley school opened last Tuesday after ten days' holidays. Teachers and kids seem to be in high spirits after a fine Christmas.

A lot of folks asked us about the Herald last week. Perhaps they failed to read the notice that it would not be published for the first time in 31 years. Better read everything. You might miss something.

Cpl. and Mrs. Leldon Clifton, 'way down in South Carolina, will receive the Herald for a year with the compliments of F. L. Rector. Thanks.

Wish all our friends the best of everything in the New Year. Like the most of you, we have had our good times and hard times; have written good news and bad news;

have always done our best to be optimistic about everything; never had much patience with a pessimist; detest a double-talker and a double-crosser; have no confidence in saintly hypocrites, like honest sinners best. Have been called a "whippersnapper," but never a "double-crosser." Will go all the way for a friend but human enough to like revenge on a foe. Have as many or more faults than almost anybody, but love a lot of folks and hope they love us. Better stop this "pecking" before we get high blood pressure. Happy New Year, folks.

On Christmas Day, Paul Farrow, son of Mr. and Mrs. W. T. Farrow, and Richard Young, Jr., son of Mr. and Mrs. R. M. Young, of the Swedonia community, left to join the Merchant Marines, at St. Petersburg, Fla. These are two fine young fellows and they will get to do a lot of traveling over the world, carrying foods and products and materials for war. Both boys volunteered for the shipping lanes. (Later: Information comes that Farrow did not stand the medical test, due to a defect in one ear. He returned home on Jan. 5.)

E. M. (Johnny) Bates came in from San Bernardino, Calif., on Friday of last week to make a pop-call in Hamlin and then on to Dallas and Abilene or a week or so. Johnny is a bit under par and is now running a chicken ranch in the mountains. He formerly served four years in the Marines.
